

Professional Color Management Software

# i1PUBLISH - NEXT-GENERATION COLOR CONTROL AT YOUR FINGERTIPS.

See how i1Publish not only stacks up, but surpasses any profiling solution we've brought to you before.

Switching to i1Publish is easy and affordable. i1Publish offers a wealth of new features and components that are sure to provide you the best tools for your color needs. Even better - you get to keep your old solution if you choose to upgrade.

INCLUDES: i1Profiler profiling software, PANTONE Color Manager software, ColorChecker Proof target, ColorChecker Passport camera calibration software and Classic target (mini).
