Color Formulation Workshop

A 4-day workshop of hands-on instruction using X-Rite instruments and X-RiteColor® Master Software.

Color Formulation Workshop

This comprehensive four-day class begins with the “Fundamentals of Color and Appearance” and “ColorMaster™ Quality Assurance” training, plus two additional days focused on ColorMaster Formulation software. Learn from an X-Rite Color Expert on how to enter calibration databases, view and edit calibration curves, and evaluate all data necessary for precision formulation. In addition, you will gain an understanding of how to create standards, formulate, and perform corrections.

Who Should Attend?

Any owner or operator of the X-RiteColor Master Formulation I, II or III

Course Overview

- Basic Software Functionality
- Performing a Combinatorial Match
- Evaluation of Matches
- Performing Formula Corrections
- Waste Work-Off
- Entering a Calibration Set
- Testing a Calibration Set
- Work with Advanced Database Tools
- Hands-On ColorMaster Quality Assurance Exercises
- Hands-On X-Rite ColorMaster Formulation I, II, and II Exercises
- And much more!
