

i1i0 for the i1Pro 3 Plus

Automation for Color Perfectionists.

Manually reading test charts for profiling and color validation is time-consuming and leaves room for human error. The i1i0 is a robotic, automatic chart reading system designed for photographers, designers, and printers who want to eliminate manual strip reading. This new model has been developed to accommodate i1Pro 3 Plus, providing a simple way to enhance functionality, versatility, and speed up the measurement process.

Simple. Quick. Versatile.

- Measures reflective test charts on a variety of substrates up to 10 mm thick, including thin polybag material, ceramics, and textiles. The i1i0 can measure substrates up to 23 mm thick with the addition of an optional z-axis spacer.
- Automates color patch scanning to quickly create custom profiles.
- Reduces risk of measurement errors and significantly increases productivity in environments that require the reading of multiple charts.
- Assures compliance with ISO standards for M-Series measurement illumination conditions and accommodates a variety of inks and substrates in any viewing condition.
- Offers ultimate flexibility through hands-free automation and ease-of-use.

i1i0 for the i1Pro 3 Plus

The i1i0 creates a powerful team in conjunction with the i1Pro 3 Plus.

The i1Pro 3 Plus integrates with the i1i0 table for fast, repeatable, and automated production color on a variety of unique print and packaging substrates, including thin films, labels, cardboard, fabric, photo papers, and plastics. Providing you with the utmost in profiling capabilities.

Service Support and Warranty

X-Rite's color analysis and measurement solutions are engineered and manufactured to the most rigorous quality standards. These standards are backed by comprehensive global service, superior phone and web support, and preventative maintenance options to optimize your long-term investment. We have developed service support and warranty plans that are unique to your organization's specific products and needs. Learn more by reviewing our service offerings on our website at: www.xrite.com/page/service-warranty. Still unsure of what you need? Contact us directly at: servicesupport@xrite.com
